Unless otherwise specified herein, the contractor shall furnish all material, labor, facilities, equipment, and supplies necessary to provide the deliverables/services required herein.

### Specific Requirements:

The contractor shall provide MoDOT with surveyor/supervisor vests. Each surveyor/supervisor vests shall:

edges of the surveyor/supervisor vests (Nylon coated bias tapes or plastic borders *shall not* be accepted).

- Be *single-stitched* type sewing unless otherwise noted. In addition, all thread used in the surveyor/supervisor vests shall be cotton-covered polyester to match the color of the binding/material being used.
- Be made utilizing a high quality front zipper or velcro closure, made of durable material. If used, the front zipper color shall be high visibility lime green to match the mesh/fabric.
- Include two (2) outside, *front chest pockets* securely sewn. **NOTE:** *all* pockets must have either a zipper or velcro closure located at the top of the pocket.
  - One of the two (2) outside pockets shall include a minimum of two (2) or three (3) pencil holders.

#### **Liquidated Damage Requirements:**

The contractor shall agree and understand that the delivery of the surveyor/supervisor vests in accordance with the requirements stated herein is considered critical to the efficient operations of MoDOT. However, since the amount of actual damages would be difficult to establish in the event the contractor fails to comply with the delivery requirements, the contractor shall agree and understand that the amount identified below as liquidated damages shall be reasonable and fair under the circumstances.

In the event the contractor fails to deliver the surveyor/supervisor vests in accordance with the delivery schedule specified herein, the contractor shall be assessed liquidated damages in the amount of \$100.00 per day for each such delinquent day until the delivery of the surveyor/supervisor vests.

In the event the quality of the construction of the surveyor/supervisor vests fails to comply with the requirements specified herein, MoDOT shall have the right to reject the surveyor/supervisor vests. However, if delivery of the surveyor/supervisor vests is critical, as determined by MoDOT, and MoDOT elects to accept the surveyor/supervisor vests, the contractor shall be assessed liquidated damages in an amount not to exceed 10% of the total amount invoiced. MoDOT shall have the final decision concerning (1) the acceptability of the construction, (2) the rejection of the surveyor/supervisor vests versus the assessment of liquidated damages, and (3) the amount of the liquidated damages.

The contractor shall further agree and understand that such liquidated damages shall either be deducted from the total amount due the contractor or paid by the contractor as a direct payment to MoDOT, at the sole discretion of MoDOT. The contractor shall understand that the liquidated damages described herein shall not be construed as a penalty.

The contractor shall agree and understand that all assessments of liquidated damages shall be within the discretion of MoDOT and shall be in addition to, not in lieu of, the rights of MoDOT to pursue other appropriate remedies.

#### **Invoicing and Payment Requirements:**

The contractor shall submit an itemized invoice to the applicable requesting address for the completion of deliverables, as specified herein.

The contractor shall be paid in accordance with the firm, fixed prices stated on the pricing page of this document after completion of deliverables specified herein and acceptance by MoDOT.

Other than the payment specified above, no other payments or reimbursements shall be made to the contractor for any reason whatsoever.

#### **Other Contractual Requirements:**

Contract Period - The contract period shall be as noted on the bid signature page with up to two (2) one-year renewal option periods. If the option for renewal is exercised by MoDOT, the contractor shall agree to all terms and conditions of the IFB and all subsequent amendments. Renewal options are at the sole discretion of MoDOT.

Renewal Periods - If the option for renewal is exercised by MoDOT, the contractor shall agree that the prices for the renewal period shall not exceed the maximum price for the applicable renewal period stated herein.

If renewal prices are not provided, the prices during renewal periods shall be the same as during the original contract period.

MoDOT does not automatically exercise its option for renewal based upon the maximum price and reserves the right to offer or to request renewal of the contract at a price less than the maximum price stated.

In the event MoDOT exercises its option(s) to renew the contract, the requirements for future years shall be basically similar.

### **BID SUBMISSION INFORMATION**

- Bidders shall agree and understand that the quantities used in the evaluation of cost are provided solely to document how cost will be evaluated. MoDOT makes no guarantee regarding the accuracy of the quantities stated nor does MoDOT intend to imply that the figures used for the cost evaluation in any way reflects actual nor anticipated usage.

#### **References, Responsibility and Reliability in Experiences:**

The bidder should provide, on Exhibit A or in another similar format, the information listed below related to previous and current services/contracts performed by the bidder's organization and any proposed subcontractors which are similar to the requirements of this document. #### **Final Determination:**

Any bid which does not comply with the mandatory requirements of the IFB will not be considered for an award. In addition, MoDOT reserves the right to reject any bid for reasons which may include but not necessarily be limited to: (1) receipt of any information, from any source, regarding unsatisfactory performance of similar services by the bidder within the past three (3) years, and/or (2) inability of the bidder to document responsible and reliable past performances similar to the services required.

A binding contract shall consist of: (1) the solicitation documents, amendments thereto, and/or Best and Final Offer (BAFO) request(s) with any changes/additions, (2) the Contractor's proposal and/or submitted pricing, and (3) the MHTC's acceptance of the proposal and/or bid by purchase order or post-award contract.
- c. A notice of award does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services, the Contractor must receive a properly authorized purchase order and/or notice to proceed.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the Contractor and the duly authorized representative of the MHTC, by a modified purchase order prior to the effective date of such modification. The Contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification.

- c. All payments for work performed by a subcontractor shall be made to the Contractor to whom the contract was awarded and the purchase order issued.

**Invoicing and Payment**

However, the Contractor may themselves be responsible for the payment of taxes on materials they purchase to fulfill the contract. A Federal Excise Tax Exemption Certificate will be furnished to the successful Bidder/Offeror upon request.
- b. Each invoice should be itemized in accordance with items listed on the purchase order and/or contract. The statewide financial management system has been designed to capture certain receipt and payment information. Therefore, each invoice submitted must reference the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. Unless otherwise provided for in the solicitation documents, payment for all equipment, supplies, and/or services required herein shall be made in arrears. The Missouri Highways and Transportation Commission (MHTC) shall not make any advance deposits.

- b. The Contractor agrees and understands that the contract shall constitute an assignment by the Contractor to the MHTC of all rights, title and interest in and to all causes of action that the Contractor may have under the antitrust laws of the United States or State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or produced by the Contractor in the fulfillment of the contract with the MHTC.
- c. In the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request MoDOT to enter into such litigation to protect the interests of the MHTC, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

**Cancellation of Contract**

- a. The MHTC may cancel the contract at any time for a material breach of contractual obligations or for convenience by providing the Contractor with written notice of cancellation. Should the MHTC exercise its right to cancel the contract for such reasons, cancellation will become effective upon the date specified in the notice of cancellation sent to the Contractor.
- b.
